---

Good Afternoon Falcons,

This past week was a busy one as we had our initial athletic practices, continued virtual learning, and really began to dive deep into content. Thank you for your continued support. Please see below for a couple of important updates:

**Falcon Flyer:** This is a reminder that each Sunday, we will send out a weekly Newsletter that includes a variety of information. This newsletter, The Falcon Flyer, can be accessed by clicking on the following link: [Falcon Flyer](#). The newsletter includes information about our schedule, athletics, happenings of the school, opportunities for students, and more. Be sure to check it out each week!

**Back to School Night:** As noted in the Falcon Flyer, Back to School Night will take place from 6:30pm - 8:15pm. From 6:30pm - 7:00pm, families will receive a link to observe a webinar with Northview Administration. From 7:00pm - 8:00pm, families will be able to follow their students schedules and visit each teacher's Canvas page to watch a short video about the courses. Parents will also be able to access the teacher's Zoom accounts should they want to ask specific questions. Lastly, throughout the evening, families will have a link that allows them to submit questions to administration that will be answered from 8:00pm - 8:15pm. There will be an e-mail sent out tomorrow evening with very specific details about Back to School Night as well as the resources families will need to make it a smooth event! We hope to see everyone participating.

**Teacher Transition Update:** As noted on Wednesday's updates, we have a teachers who will be moving to the west coast. Please see below for the plans regarding the transition of this position:

- **Honors Math:** We have final interviews on Monday and will make a final hire shortly thereafter. Once hired, this new staff member will go through on-boarding with the Math Department Chair and then take the lead on classes. For the upcoming week, our Math Department Chair, Mr. Pieroni, will be teaching the Honors Level courses as we finalize the new hire. We feel very strongly about our current finalists and are confident they will be a great addition to Northview.
  - **Mr. Pieroni's Math Class:** As Mr. Pieroni will be covering Honors Math Class for the week, Mr. Pieroni has created video lessons for all of his classes this upcoming week. Mr. Thomas will be available on Mr. Pieroni's normal Zoom link to run through the lessons with students and provide assistance with questions as they arise.

Thanks for your continued support and remember that "Today, like every day, is a great day to be a Falcon!"

Respectfully,

Steven Pelych
