**JA JobSpark**  
Redefining Hands On

20  
20

JA JobSpark is a two-day, virtual hands-on career expo impacting over 10,000 Indianapolis eighth graders. The JA JobSpark initiative includes in-class or remote curriculum and activities prior to and after attending the virtual event.

JA JobSpark is meant to "spark" an interest in students and get them excited for their future. Students will learn about skills needed for jobs that will be in demand when they graduate and will learn about the equipment that is used on those jobs daily. Students will have a better understanding of the courses they will need to take in high school, a track for post-secondary and a clear career pathway for what they find they are interested in.

At Northview Middle School, all 8<sup>th</sup> grade students will have the opportunity to participate in this year's virtual JA JobSpark program on **Wednesday, September 23<sup>rd</sup>**. Visit the [Junior Achievement](#) website to learn more.
